Hi All – thanks for the great feedback!

We need to make a decision about the case study example for the screening/prioritization column.

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Bob has suggested taking a quick vote. Can you please send me an email ASAP (but by COB tomorrow at the latest) with the example you prefer? All I need is a one word email (either MCHM or EDSP). No need to copy the whole group unless you want to.

Thanks!

I might be last ☺.

I like the edits to the email that Tina made.

I like the new sentence in the text to replace [Deliberative Process / Ex. 5](#)

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

I agree, the paper reads well and the revised sentence works nicely!

In the case study table, the revised language for types of data available in the first column is now different from the other columns.

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Suggested Revised Email:

Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

Thank you in advance for your time and consideration.

Thanks for incorporating the changes discussed yesterday – it reads very well.

I thought that somewhere we were going to replace Deliberative Process / Ex. 5 with Deliberative Process / Ex. 5 but I'm not sure where in the document that was being highlighted.
I may not have heard correctly and I think it reads fine as is.

John

Subject: Innovating Chemical Risk Assessment - updated materials and next steps

Hi Folks –

Thanks for the great meeting today! Attached are updated materials – the document, the case study table, and the framework. I've captured the changes we discussed today. If anyone feels strongly about additional edits to the case study table, please send any last changes by **COB Monday, November 21**.

Since we discussed that one sentence so much today, I am including the revised sentence here so you don't have to open the document: Deliberative Process / Ex. 5

Deliberative Process / Ex. 5

In terms of next steps, here's what we discussed:

Deliberative Process / Ex. 5

I've drafted some text for an email to the editor. This can be adapted to reach out to the experts. If this happens next week, Maureen and Elizabeth can help facilitate getting the information sent out. If you think this can be punchier and strengthened in any way, please let me and Maureen know.

*****DRAFT EMAIL TEXT*****

Deliberative Process / Ex. 5

Thank you in advance for your time and consideration.
